

# Change Network Password Online

## Overview

These instructions define the steps needed to change your network password online anywhere you have an Internet connection.

Step	Action
1	Go to <a href="https://selfservice.scouting.org">https://selfservice.scouting.org</a> . You will be taken to the BSA Self Service Portal log in page.
2	Enter your username and current password, then click <b>Login</b> . 
3	Select <b>Change Password</b> . 

4	<p>Type your new password in the <b>New Password</b> box and in <b>Confirm Password</b> box. <i>Please ensure you follow the password requirements detailed on the page when changing your password.</i></p> 
5	<p>Click the <b>Change Password</b> button.</p> <p><u>Result:</u> A message displays that your password was successfully changed.</p>

**Additional Assistance**

For technical support, enter an incident in the Online Support Center located in the Support gadget on the MyBSA Home page. Or, call the Member Care Contact Center at 855-707-2644. As this number is for national and local council employees only, please do not publish this technical support number.
